IMPORTANT NOTICE - Nut Allergy

Please note that a member of our school community has an airborne nut allergy. This allergic reaction (anaphylactic shock) can occur through ingestion of nut products and breathing nuts in the air.

We have decided to become a 'nut-free' school in order to avoid a life-threatening situation and are asking for your support in reducing the risk by taking the following steps:

- Please do not allow your child to bring any food items into school containing nuts
- Please do not prepare packed lunches for your child which contain nuts and/or nut products

Your understanding and support in this matter is greatly appreciated

For the safety and health of our school community we are committed to being

A NUT FREE SCHOOL

We need your help to make our school a safe place for those with food allergies.

Please do not bring any nut products into school.

Some examples of items containing nuts:
